

FEATURES:	BENEFITS:	DW 3G	GM 6100	NC 3500
Date/time	Measure activity	■	■	■
Longitude/Latitude	Helps with editing	■	■	■
Edit location	Personalize account base	■	■	■
Total miles driven	Great for service reports and payment by miles driven	■	■	■
Moving time	Measure activity	■	■	■
Miles driven	Curbs the driver from taking the scenic route to location	■	■	■
Stop length	Length of service call or stop	■	■	■
Stop idle	Biggest waste of fuel	■	■	■
Vehicle speed	Curbs accidents and wear and tear on vehicle	■	■	■
Trip time	Measure activity	■	■	■
Start time	Measure activity	■	■	■
Stop time	Measure activity	■	■	■
Block address	Easy to edit location / not using Lat/Log location	■	■	■
Sort by vehicle#/driver	Great for comparing driver productivity	■	■	■
REPORTS	Only review data needed to address specific concerns			
Stop idle time	Measure compliance and productivity	■	■	■
Stop Length	Measure compliance and productivity	■	■	■
Max speed	Measure compliance	■	■	■
External events	Measure productivity	■	■	■
Productivity	Measures performance and productivity	■	■	■
Number of Stops	Measures performance and productivity	■	■	■
Average number of Stops	Measures performance and productivity	■	■	■
Average length of Stop	Measures performance and productivity	■	■	■
Miles driven	Measures performance and productivity	■	■	■
Max Speed	Measures performance and productivity	■	■	■
Time in Use	Measures performance and productivity	■	■	■
Location Reports	Measures performance and productivity	■	■	■
ROUTE MARKINGS				
Actual path (history) of vehicle	Measured via distance or time	■	■	■
Direction	Arrow marker will tell direction	■	■	■
Vehicle ID	Color coded for individual driver	■	■	■
ACTIVE FEATURES				
Monthly fees		■	■	■
Locate vehicle or group of vehicles	within seconds not minutes	■	■	■
Maintenance Tracking	Saves time and money compared to driver logs	■	■	■
Real-time Routing	Help drivers get from pint to point quickly	■	■	■
ALERTS				
Vehicle to Base Alerts	Email or text messages immediately of non-compliance	■	■	■
Speed	Email or text messages immediately of non-compliance	■	■	■
Non-authorize use	Email or text messages immediately of non-compliance	■	■	■
Excessive Idling	Email or text messages immediately of non-compliance	■	■	■
Event activation	Email or text messages immediately of non-compliance	■	■	■
Zone Violations	Email or text messages immediately of non-compliance	■	■	■
Maintenance Due Alerts	Email or text messages immediately of non-compliance	■	■	■
HARDWARE				
12 or 24v	Multiple Applications	■	■	■
Weatherproof	Use for Heavy Equipment and non-vehicle installations	■	■	■
Hardwired to vehicle		■	■	■
Battery Powered	Used for non-powered assets			
Warranty	Piece of Mind	12M	12M	12M
Real time	Monthly Fee	■	■	■
Update rate-minutes	How frequently the unit reports to you when in motion	2 min	user defined	2 min
User Generated Vehicle Locates	Find the vehicle whenever you want - moving or not	■	■	■
Communication network	Largest data network in North America	ATT GPRS	ATT GPRS	ATT GPRS
GARMIN FMI INTEGRATION	Dispatching & Routing Functionality - Optional	■	■	■
USER INTERFACE				
Web based	No software installed locally	■	■	■
Data storage length	How long data is stored online for user access	90 days	120 days	90 days
Auto reports as attachments	Auto archive reports to your local drive	■	■	■
